Topic:              scribe

Question:
Hi.  Yes really a question from me.

Do you know what should be used to insert a window dump into a
Scribe fullpagefigure?

In particular, I know how to get the postscript file from xwd |
```

Write window to file: ~/mylog

Consultant's do know everything.  We just take time
to answer questions.

Greg
