What additional topics, activities, or assignments should be added to 2.ThA?

What topics, activities, or assignments should be removed from 2.ThA?

What other changes should be made to 2.ThA for next year?

What "communication" assistance would you like with the rest of your thesis?

Would you like the opportunity to deliver an oral presentation reporting on your thesis results in May (or whenever you finish)?

How has 2.ThA affected your confidence in your ability to successfully complete your thesis? How do you measure/discern this effect?

To what degree did 2.ThA cover material you had already covered at MIT, either in another CI or a Mech-E subject?
