We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated average time is:

Recordkeeping 59 hr., 4 min.

Learning about the law or the form 19 hr., 43 min.

Preparing the form 39 hr., 13 min.

Copying, assembling, and sending the form to the IRS 5 hr., 1 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. Instead, see the instructions for **Where To File** on page 2.

Changes To Note

The Small Business Job Protection Act of 1996 ("The Act") made changes to the tax law for corporations. The Act restored several expired credits and also changed the rules for claiming certain credits. These and other changes are highlighted below.

- If the corporation's total deposits of social security, Medicare, and withheld income taxes were more than \$50,000 in 1995, it must make electronic deposits for

all depository tax liabilities that occur after June 30, 1997. For details, see **Depository Method of Tax Payment** on page 3.

- The targeted jobs credit has been replaced by the work opportunity credit. The credit applies for wages paid to qualified employees who begin work for the employer after September 30, 1996, and before October 1, 1997. Get **Form 5884**, Work Opportunity Credit, for details.

- The Act modified the definition of section 179 property, classified gas station convenience stores as 15-year property, provided a new 25-year recovery period for water utility property, and added new rules for property depreciated under the income forecast method. For details, get **Form 4562**, Depreciation and Amortization.

- The Act changed the rules for replacing business property that was involuntarily converted as a result of a Presidentially declared disaster. For more information, get **Form 4684**, Casualties and Thefts.

- A corporation that received a distribution from a foreign trust after August 20, 1996, must provide additional information. For details, get **Pub. 553**, Highlights of 1996 Tax Changes.

The Health Insurance and Portability Act of 1996 changed the rules for deducting interest on loans for company-owned life insurance. Generally, no deduction is allowed for interest paid or accrued after October 13, 1995, on any amount of debt incurred with respect to company-owned life insurance policies, annuities, or endowment contracts that cover corporate officers or employees (or any person who has a financial interest in the corporation). Exceptions and phase-in rules apply. See Act section 501.

Unresolved Tax Problems

The Problem Resolution Program is for REITs that have been unable to resolve their problems with the IRS. If the REIT has a tax problem it cannot clear up through normal channels, write to the REIT's local IRS District Director or call the REIT's local IRS office and ask for Problem Resolution assistance. Persons who have access to TTY/TDD equipment may call 1-800-829-4059 to ask for help from Problem Resolution. This office cannot change the tax law or technical decisions. But it can help the REIT clear up problems that resulted from previous contacts.

How To Get Forms and Publications

By personal computer.— If you subscribe to an on-line service, ask if IRS information is available and if so, how to access it. Tax forms, instructions, publications, and other IRS information are available through the Internal Revenue Information Services (IRIS), on FedWorld, a government bulletin board. The IRIS menus offer information on available file formats and software needed to read and print files. You must print the forms to use them; the forms are not designed to be filled out on-screen.

IRIS is directly accessible by modem at 703-321-8020. On the Internet, telnet to irs.ustreas.gov or for file transfer protocol services, connect to <ftp://irs.ustreas.gov>. If you are using the World Wide Web, connect to <http://www.irs.ustreas.gov>. FedWorld's help desk offers technical assistance on accessing IRIS (not tax help) during regular business hours at 703-487-4608.

Tax forms, instructions, and publications are also available on CD-ROM, including prior-year forms starting with the 1991 tax year. For ordering information and software requirements, contact the Government Printing Office's Superintendent of Documents (202-512-1800) or Federal Bulletin Board (202-512-1387).

By phone and in person.— To order forms and publications, call 1-800-TAX-FORM (1-800-829-3676). You can get most forms and publications at your local IRS office.

General Instructions

Purpose of Form

Use **Form 1120-REIT**, U.S. Income Tax Return for Real Estate Investment Trusts, to report the income, gains, losses, deductions, credits, and to figure the income tax liability of a REIT. Also, see **Pub. 542**, Corporations, for more information.

Who Must File

A corporation, trust, or association must file Form 1120-REIT if it elects to be treated as a REIT for the tax year (or has made that election for a prior tax year and the election has not been terminated or revoked). The election is made by figuring taxable income as a REIT on Form 1120-REIT.

The organization must also meet the following requirements to qualify as a REIT:

- It must be a corporation, trust, or association.
 - It must be managed by one or more trustees or directors.
 - The beneficial ownership must be evidenced by transferable shares, or by transferable certificates of beneficial interest.
 - The organization would otherwise be taxed as a domestic corporation.
 - It is neither a financial institution (referred to in section 582(c)(2)), nor a subchapter L insurance company.
 - The beneficial ownership must be held by 100 or more persons. (However, the REIT does not have to meet this requirement until its 2nd tax year.)
 - The organization cannot be closely held, as defined in section 856(h). (However, the REIT does not have to meet this requirement until its 2nd tax year.)
 - It must meet the gross income and diversification of investment requirements of section 856(c).
 - The organization must have been:
 1. Treated as a REIT for all tax years beginning after February 28, 1986; or
 2. Had, at the end of the tax year, no accumulated earnings and profits from any tax year that it was not a REIT.
 - It must maintain the actual ownership records required by Regulations section 1.857-8.
 - The organization must adopt a calendar tax year unless it first qualified for REIT status before October 5, 1976.
 - The deduction for dividends paid (excluding net capital gain dividends, if any) must equal or exceed:
 1. 95% of the REIT's taxable income (excluding the deduction for dividends paid and any net capital gain); plus
 2. 95% of the excess of the REIT's net income from foreclosure property over the tax imposed on that income by section 857(b)(4)(A); less
 3. Any excess noncash income as determined under section 857(e).
- See sections 856, 857, and the related regulations for details and exceptions.

Termination of Election

The election to be treated as a REIT remains in effect until terminated or revoked. It terminates automatically for any tax year in which the corporation, trust, or association is not a qualified REIT.

The organization may revoke the election for any tax year after the 1st tax year the election is effective by filing a statement with the service center where it files its income tax return. The statement must be filed on or before the 90th day after the 1st day of the tax year for which the revocation is to be effective. The statement must: **(a)** be signed by an official authorized to sign the income tax return of the organization; **(b)** contain the name, address, and employer identification number of the organization; **(c)** specify the tax year for which the election was made; and **(d)** state that the organization, pursuant to section 856(g)(2), revokes its election under section 856(c)(1) to be a REIT.

During the 4 years after the 1st year for which the termination or revocation is effective, the organization may not make a new election to be taxed as a REIT, except as provided in section 856(g)(4).

When To File

Generally, a REIT must file its income tax return by the 15th day of the 3rd month after the end of the tax year. A new REIT filing a short period return must generally file by the 15th day of the 3rd month after the short period ends. A REIT that has dissolved must generally file by the 15th day of the 3rd month after the date it dissolved.

If the due date falls on a Saturday, Sunday, or legal holiday, the REIT may file on the next business day.

Extension.— File **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request a 6-month extension of time to file.

REITs with their principal place of business outside the United States must file with the Internal Revenue Service Center, Philadelphia, PA 19255.

A group of corporations located in several service center regions will often keep all the books and records at the principal office of the managing corporation. In this case, the income tax returns of the corporations may be filed with the service center for the region in which the principal office is located.

Who Must Sign

The return must be signed and dated by the president, vice president, treasurer, assistant treasurer, chief accounting officer, or any other corporate officer (such as tax officer) authorized to sign. Receivers, trustees, or assignees must also sign and date any return filed on behalf of a REIT.

If a corporate officer completes Form 1120-REIT, the Paid Preparer's space should remain blank. Anyone who prepares Form 1120-REIT but does not charge the REIT should not sign the return. Generally, anyone who is paid to prepare the return must sign it and fill in the Paid Preparer's Use Only area.

The paid preparer must complete the required preparer information and:

- Sign the return, by hand, in the space provided for the preparer's signature (signature stamps and labels are not acceptable).
- Give a copy of the return to the taxpayer.

Accounting Methods

An accounting method is a set of rules used to determine when and how income and expenses are reported.

Figure taxable income using the method of accounting regularly used in keeping the REIT's books and records. Generally, permissible methods include the cash, accrual, or any other method authorized by the Internal Revenue Code. In all cases, the method used must clearly show taxable income.

Generally, a REIT must use the accrual method of accounting if its average annual gross receipts exceed \$5 million. See section 448(c).

Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year in which (1) all events that determine the liability have occurred, (2) the amount of the liability can be figured with reasonable accuracy, and (3) economic performance takes place with respect to the expense. There are exceptions to the economic performance rule for certain items, including recurring expenses. See section 461(h) and the related regulations for the rules for determining when economic performance takes place.

Change in accounting method.—

Generally, the REIT may change the method of accounting used to report taxable income (for income as a whole or for any material item) only by getting consent on **Form 3115**, Application for Change in Accounting Method. For more information, get **Pub. 538**, Accounting Periods and Methods.

Accounting Periods

A REIT must figure its taxable income on the basis of a tax year. The tax year is the annual accounting period the REIT uses to keep its records and report its income and expenses. A REIT adopts a tax year when it files its first income tax return. It must adopt a tax year by the due date (not including extensions) of its first income tax return.

A REIT must adopt a calendar year unless it first qualified for REIT status before October 5, 1976.

Change in accounting period.—A REIT may not change its accounting period to any accounting period other than the calendar year. Generally, a REIT must get the consent of the IRS before changing its tax year by filing **Form 1128**, Application To Adopt, Change, or Retain a Tax Year. However, upon electing to be taxed as a REIT, an entity that has not engaged in any active trade or business may change its accounting period to a calendar year

without getting the consent. See Regulations section 1.442-1 and Pub. 538.

Rounding Off to Whole Dollars

The REIT may show amounts on the return and accompanying schedules as whole dollars. To do so, drop amounts less than 50 cents and increase amounts from 50 cents through 99 cents to the next higher dollar.

Recordkeeping

Keep the REIT's records for as long as they may be needed for administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the REIT's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The REIT should also keep copies of all filed returns. They help in preparing future returns and amended returns.

Depository Method of Tax Payment

A REIT must pay the tax due in full no later than the 15th day of the 3rd month after the end of the tax year. Some REITs (described below) are required to electronically deposit all depository taxes, including income tax payments.

Electronic deposit requirement.—If the REIT's total deposits of social security, Medicare, and withheld income taxes were more than \$50,000 in 1995, it must make electronic deposits for all depository tax liabilities that occur after June 30, 1997. If the REIT was required to deposit by electronic funds transfer in prior years, continue to do so in 1997. The Electronic Federal Tax Payment System (EFTPS) must be used to make electronic deposits. If the REIT is required to make deposits by electronic funds transfer and fail to do so, it may be subject to a 10% penalty. REITs that are not required to make electronic deposits may voluntarily participate in EFTPS. For information on EFTPS, call 1-800-945-8400 or 1-800-555-4477. (These numbers are for EFTPS information only.)

Form 8109, Federal Tax Deposit

Coupon.—If the REIT does not use EFTPS, deposit REIT income tax payments (and estimated tax payments) with Form 8109. Do not send deposits directly to an IRS office. Mail or deliver the completed Form 8109 with the payment to a qualified depository for Federal taxes or to the Federal Reserve bank (FRB) servicing the REIT's geographic area. Make checks or money orders payable to that depository or FRB.

To help ensure proper crediting, write the REIT's employer identification number (EIN), the tax period to which the deposit

applies, and "Form 1120-REIT" on the check or money order. Be sure to darken the "1120" box on the coupon. These records of deposits will be sent to the IRS.

A penalty may be imposed if the deposits are mailed or delivered to an IRS office rather than to an authorized depository or FRB.

For more information on deposits, see the instructions in the coupon booklet (Form 8109) and **Pub. 583**, Starting a Business and Keeping Records.

Caution: *If the REIT owes tax when it files Form 1120-REIT, do not include the payment with the tax return. Instead, mail or deliver the payment with Form 8109 to a qualified depository or FRB or use EFTPS if applicable.*

Estimated Tax Payments

Generally, a REIT must make installment payments of estimated tax if it expects its estimated tax to be \$500 or more. The estimated tax of the REIT is its alternative minimum tax less the credit for Federal tax paid on fuels. The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day. Use **Form 1120-W**, Estimated Tax for Corporations, as a worksheet to compute estimated tax. Use the deposit coupons (Forms 8109) to make deposits of estimated tax. For more information on estimated tax payments, including penalties that apply if the REIT fails to make required payments, see the instructions for line 25 on page 8.

Overpaid estimated tax.—If the REIT overpaid estimated tax, it may be able to get a quick refund by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be at least 10% of the REIT's expected income tax liability and at least \$500. To apply for a quick refund, file Form 4466 before the 16th day of the 3rd month after the end of the tax year, but before the REIT files its income tax return. Do not file Form 4466 before the end of the REIT's tax year.

Interest and Penalties

Interest.—Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, gross valuation overstatements, and substantial understatements of tax from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Penalty for late filing of return.—A REIT that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a return that is over 60 days late is the smaller of the tax due or \$100. The penalty will not

be imposed if the REIT can show that the failure to file on time was due to reasonable cause. REITs that file late must attach a statement explaining the reasonable cause.

Penalty for late payment of tax.— A REIT that does not pay the tax when due may be penalized $\frac{1}{2}$ of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. The penalty will not be imposed if the REIT can show that the failure to pay on time was due to reasonable cause.

Trust fund recovery penalty.— This penalty may apply if certain income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid to the IRS. These taxes are generally reported on Forms 941, 943, or 945. See **Other Forms, Returns, and Statements That May Be Required** below. The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, and paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the unpaid trust fund tax. See **Pub. 15** (Circular E), Employer's Tax Guide, or **Pub. 51** (Circular A), Agricultural Employer's Tax Guide, for details, including the definition of responsible persons.

Other penalties.— Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. See sections 6662 and 6663.

Other Forms, Returns, Schedules, and Statements That May Be Required

The REIT may have to file some of the following forms. See the form for more information.

Form 941, Employer's Quarterly Federal Tax Return. Employers must file this form quarterly to report income tax withheld and employer and employee social security and Medicare taxes. Agricultural employers must file **Form 943**, Employer's Annual Tax Return for Agricultural Employees, instead of Form 941. Also, see **Trust fund recovery penalty** above.

Form 945, Annual Return of Withheld Federal Income Tax. File Form 945 to report income tax withholding from nonpayroll distributions or payments such as pensions, annuities, IRAs, military retirement, gambling winnings, Indian gaming profits, and backup withholding. Note: *Every REIT must file Form 1099-MISC if, in the course of its trade or business, it makes payments of rents, commissions, or other fixed or determinable income (see section 6041) totaling \$600 or more to any one person during the calendar year.*

Form 5452, Corporate Report of Nondividend Distributions.

Form 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations. The REIT may have to file Form 5471 if any of the following applies:

Form 8275, Disclosure Statement. Taxpayers and income tax preparers file Form 8275 to disclose items or positions (except those contrary to a regulation—see **Form 8275-R** below), that are not otherwise adequately disclosed on a tax return. The disclosure is made to avoid parts of the accuracy-related penalty imposed for disregard of rules or substantial understatement of tax. Form 8275 is also used for disclosures relating to preparer penalties for understatements due to unrealistic positions or for disregard of rules.

Form 8275-R, Regulation Disclosure Statement, is used to disclose any item on a tax return for which a position has been taken that is contrary to Treasury regulations.

Form 8300, Report of Cash Payments Over \$10,000 Received in a Trade or Business. File this form to report the receipt of more than \$10,000 in cash or foreign currency in one transaction or a series of related transactions.

Form 8621, Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund. A REIT that was a shareholder in a passive foreign investment company (as defined in section 1296) at any time during the tax year must complete and attach this form to its return.

Form 8842, Election to Use Different Annualization Periods for Corporate Estimated Tax. REITs use Form 8842 for each year they want to elect one of the annualization periods in section 6655(e)(2)(C) for figuring estimated tax payments under the annualized income installment method.

Statements

Stock ownership in foreign corporations.— Attach the statement required by section 551(c) if (a) the REIT owned 5% or more in value of the outstanding stock of a foreign personal holding company and (b) the REIT was required to include in its gross income any undistributed foreign personal holding company income from a foreign personal holding company.

Transfers to a corporation controlled by the transferor.— If a person receives stock of a corporation in exchange for property, and no gain or loss is recognized under section 351, the person (transferor) and the transferee must each attach to their tax returns the information required by Regulations section 1.351-3.

Attachments

Attach **Form 4136**, Credit for Federal Tax Paid on Fuels, after page 4, Form 1120-REIT. Attach schedules in alphabetical order and other forms in numerical order after Form 4136.

Complete every applicable entry space on Form 1120-REIT. Do not write "See attached" instead of completing the entry spaces. If more space is needed on the forms or schedules, attach separate sheets, using the same size and format as on the printed forms. Show the totals on the printed forms. Attach these separate sheets after all the schedules and forms. Be sure to put the REIT's name and EIN on each sheet.

Specific Instructions

Period Covered

File the 1996 return for calendar year 1996 and fiscal years that begin in 1996 and end in 1997. For a fiscal year, fill in the tax year space at the top of the form.

Note: *The 1996 Form 1120-REIT may also be used if (1) the REIT has a tax year of less than 12 months that begins and ends in 1997 and (2) the 1997 Form 1120-REIT is not available at the time the REIT is required to file its return. However, the REIT must show its 1997 tax year on the 1996 Form 1120-REIT and incorporate any tax law changes that are effective for tax years beginning after December 31, 1996.*

Name and Address

Type or print the REIT's true name (as set forth in the charter or other legal document creating it), and address on the appropriate lines. Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and the REIT has a P.O. box, show the box number instead of the street address.

Note: *If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.*

Items B Through F

Item B1.— Check this box if this return is filed for a REIT with wholly owned REIT subsidiaries. These subsidiaries are not treated as separate corporations. See section 856(i) for details.

Item C. Employer identification number (EIN).— Enter the correct EIN in item C. If the REIT does not have an EIN, it should apply for one on **Form SS-4**, Application for Employer Identification Number. Form SS-4 can be obtained at Social Security Administration (SSA) offices or by calling 1-800-TAX-FORM. If the REIT has not received its EIN by the time the return is due, write "Applied for" in the space for the EIN. See Pub. 583 for more information.

Item D. Date REIT established.— If the REIT is a corporation under state or local law, enter the date incorporated. If it is a trust or association, enter the date organized.

Item E. Total assets.— Enter the REIT's total assets (as determined by the accounting method regularly used in keeping the REIT's books and records) at the end of the tax year. If there are no assets at the end of the tax year, enter the total assets as of the beginning of the tax year.

Item F. Final return, change of address, or amended return.— If the REIT ceases to exist, file Form 1120-REIT and check the "Final return" box. If the REIT has

changed its address since it last filed a return, check the "Change of address" box. If the REIT is amending its return, check the "Amended return" box.

Part I—Real Estate Investment Trust Taxable Income

Do not include in Part I gross income, gains, losses, and deductions from foreclosure property (defined in section 856(e)) if the aggregate of such amounts results in net income. Also, do not include income or deductions from any prohibited transaction (defined in section 857(b)(6)) resulting in a gain. See the instructions for Parts II and IV for details on how to report these items of income.

In Part I, include the REIT's share of gross income from partnerships in which the REIT is a partner. Also, include the deductions attributable to the gross income items. See Regulations section 1.856-3(g).

Income

Line 1—Dividends

Enter the total amount of dividends received during the tax year.

Line 2—Interest

Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc.

Do not offset interest expense against interest income.

Special rules apply to interest income from certain below-market rate loans. See section 7872 for more information.

Line 3—Gross Rents

Include charges for services customarily furnished or rendered in connection with renting real property and rent from personal property leased under or with a lease of real property (if the rent from the personal property does not exceed 15% of the total rent for the tax year charged for both the real and personal property under such lease). See section 856(d)(2) for amounts excluded from the term "rents from real property."

Line 4—Other Gross Rents

Enter the gross amount received for renting property not included on line 3.

Line 5—Capital Gain Net Income

Every sale or exchange of a capital asset must be reported in detail on **Schedule D (Form 1120)**, Capital Gains and Losses, even though no gain or (loss) is indicated.

Line 7—Other Income

Enter any other taxable income not reported on lines 1 through 6, except amounts that must be reported in Parts II or IV. List the type and amount of income on an attached schedule. If the REIT has only one item of other income, describe it

in parentheses on line 7. Examples of other income to report on line 7 are:

- Any adjustment under section 481(a) required to be included in income during the current tax year due to a change in a method of accounting.
- Amounts received or accrued as consideration for entering into agreements to make real property loans or to purchase or lease real property.
- Recoveries of bad debts deducted in prior years under the specific charge-off method.
- The amount of credit for alcohol used as fuel (determined without regard to the limitation based on tax) that was entered on **Form 6478**, Credit for Alcohol Used as Fuel.
- Refunds of taxes deducted in prior years if they reduced income subject to tax in the year deducted (see section 111). Do not offset current year taxes against tax refunds.
- The amount of any deduction previously taken under section 179A that is subject to recapture. The REIT must recapture the benefit of any allowable deduction for qualified clean-fuel vehicle property (or clean-fuel vehicle refueling property), if the property ceases to qualify. See Regulations section 1.179A-1 for details, including how to figure the recapture.

Deductions

Limitations on Deductions

Direct and indirect costs (including taxes) allocable to real or tangible personal property constructed or improved by the taxpayer.— These costs must be capitalized according to section 263A.

Transactions between related taxpayers.— Generally, an accrual basis taxpayer may only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3), 163(j), and 267 for limitations on deductions for unpaid interest and expenses.

Golden parachute payments.— A portion of the payments made by a REIT to key personnel that exceeds their usual compensation may not be deductible. This occurs when the REIT has an agreement (golden parachute) with these key employees to pay them these excessive amounts if control of the REIT changes. See section 280G.

Business startup expenses.— Business startup expenses must be capitalized unless an election is made to amortize them over a period of 60 months. See section 195.

Passive activity limitations.

Limitations on passive activity losses and credits under section 469 apply to REITs that are closely held (as defined in section 856(h)). REITs subject to the passive activity limitations must complete **Form 8810**, Corporate Passive Activity Loss

and Credit Limitations, to compute their allowable passive activity loss and credit.

Reducing certain expenses for which credits are allowable.— For each credit listed below, the REIT must reduce the otherwise allowable deductions for expenses used to figure the credit by the amount of the current year credit:

1. The work opportunity credit.
2. The research credit.
3. The enhanced oil recovery credit.
4. The disabled access credit.
5. The empowerment zone employment credit.
6. The Indian employment credit.
7. The employer credit for social security and Medicare taxes paid on tips.
8. The orphan drug credit.

If the REIT has any of these credits, be sure to figure each current year credit before figuring the deduction for expenses on which the credit is based.

Line 9—Compensation of Officers

Do not include compensation deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE retirement plan (saving incentive match plan).

Disallowance of deduction for employee compensation in excess of \$1 million.— Publicly held corporations may not deduct compensation to a “covered employee” to the extent that the compensation exceeds \$1 million. Generally, a covered employee is:

- The chief executive officer of the corporation (or an individual acting in that capacity) as of the end of the tax year, or
- An employee whose total compensation must be reported to shareholders under the Securities Exchange Act of 1934 because the employee is among the four highest compensated officers for that tax year (other than the chief executive officer).

For this purpose, compensation does not include the following:

- Income from certain employee trusts, annuity plans, or pensions; and
- Any benefit paid to an employee that is excluded from the employee's income.

The deduction limit does not apply to:

- Commissions based on individual performance;
- Qualified performance-based compensation; and
- Income payable under a written, binding contract in effect on February 17, 1993.

The \$1 million limit is reduced by amounts disallowed as excess parachute payments under section 280G.

For details, see section 162(m) and Regulations section 1.162-27.

Line 10—Salaries and Wages

Enter total salaries and wages paid or incurred for the tax year less the amount of any work opportunity credits from Form

5884, empowerment zone credit from Form 8844, and any Indian employment credit from Form 8845. See the instructions for these forms for more information. Do not include salaries and wages deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE retirement plan (saving incentive match plan).

Caution: If the REIT provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amounts allocated for depreciation and other expenses claimed on lines 16 and 18.

Line 11—Repairs and Maintenance

Enter the cost of incidental repairs and maintenance, such as labor and supplies, that do not add to the value of the property or appreciably prolong its life. New buildings, machinery, or permanent improvements that increase the value of the property are not deductible. They must be depreciated or amortized.

Line 12—Bad Debts

Enter the total debts that became worthless in whole or in part during the tax year.

Caution: A cash basis taxpayer may not claim a bad debt deduction unless the amount was previously included in income.

Line 13—Rents

If the REIT rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred during the year. Also complete Part V of **Form 4562**, Depreciation and Amortization. If the REIT leased a vehicle for a term of 30 days or more, the deduction for the vehicle lease expense may have to be reduced by an amount called the **inclusion amount**.

The REIT may have an inclusion amount if:

And the vehicle's fair market value on the first day of the lease exceeded:	
The lease term began: day of the lease exceeded:	
After 12/31/94	\$15,500
After 12/31/93 but before 1/1/95	\$14,600
After 12/31/92 but before 1/1/94	\$14,300
After 12/31/91 but before 1/1/93	\$13,700

If the lease term began before January 1, 1992, see **Pub. 463**, Travel, Entertainment, Gift and Car Expenses, to find out if the REIT has an inclusion amount. Also see Pub. 463 for instructions on figuring the inclusion amount.

Line 14—Taxes and Licenses

Enter taxes paid or incurred during the tax year, but do not include the following:

- Federal income taxes.
- Foreign income taxes if a tax credit is claimed.
- Taxes not imposed on the REIT.

- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return.
- Excise taxes imposed under section 4981 on undistributed REIT income.

See section 164(d) for apportionment of taxes on real property between seller and purchaser.

Line 15—Interest

If the proceeds of a loan were used for more than one purpose (e.g., to purchase a portfolio investment and to acquire an interest in a passive activity), an interest allocation must be made. See Temporary Regulations section 1.163-8T for the interest allocation rules.

Do not include interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. For exceptions, see section 265(b).

Generally, a cash basis taxpayer cannot deduct prepaid interest allocable to years following the current tax year. For example, a cash basis calendar year taxpayer who in 1996 prepaid interest allocable to any period after 1996 can deduct only the amount allocable to 1996.

Generally, the interest and carrying charges on straddles must be capitalized. See section 263(g).

See section 163(e)(5) for special rules for the disqualified portion of original issue discount on a high yield discount obligation.

The deduction for certain interest paid or accrued by the REIT may be limited if no tax is imposed on that interest. See section 163(j) for more information.

See section 7872 for special rules on the deductibility of forgone interest on certain below-market-rate loans.

Line 16—Depreciation

Besides depreciation, include on line 16 the part of the cost that the REIT elected to expense under section 179 for certain tangible property placed in service during tax year 1996 or carried over from 1995. See Form 4562 and its instructions.

Line 18—Other Deductions

Note: Do not deduct penalties such as those listed under **Interest and Penalties** in the General Instructions.

Attach a schedule, listing by type and amount, all allowable deductions that are not deductible elsewhere on Form 1120-REIT. Enter the total on line 18. Include amortization and organization expenses. Do not include a deduction for any amount that is allocable to a class of

exempt income. See section 265(b) for exceptions.

Charitable contributions.— Include contributions or gifts actually paid within the tax year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years.

The total amount claimed may not be more than 10% of taxable income. See section 170(b)(2) for more information.

Substantiation requirements.—

Generally, no deduction is allowed for any contributions of \$250 or more unless the REIT gets a written acknowledgment from the donee organization that shows the amount of cash contributed, describes any property contributed, and gives an estimate of the value of any goods or services provided in return for the contribution. The acknowledgment must be obtained by the due date (including extensions) of the REIT's return, or if earlier, the date the return is filed. Do not attach the acknowledgment to the tax return, but keep it with the REIT's records. These rules apply in addition to the filing requirements for Form 8283 described above.

For more information on substantiation and recordkeeping requirements, see the regulations under section 170 and **Pub. 526, Charitable Contributions.**

Contributions of property other than cash.— If a REIT (other than a closely held corporation) contributes property other than cash and claims over a \$500 deduction for the property, it must attach a schedule to the return describing the kind of property contributed and the method used to determine its fair market value. A closely held REIT must complete **Form 8283, Noncash Charitable Contributions**, and attach it to its return. All other REITs generally must complete and attach Form 8283 to their returns for contributions of property other than money if the total claimed deduction for all property contributed was more than \$5,000.

Contributions to organizations conducting lobbying activities.—

Contributions to an organization that conducts lobbying activities are not deductible if:

- The lobbying activities relate to matters of direct financial interest to the donor's trade or business, and
- The principal purpose of the contribution was to avoid Federal income tax by obtaining a deduction for activities that would have been nondeductible under the lobbying expense rules if conducted directly by the donor.

Pension, profit-sharing, etc., plans.—

Include on line 18 the deduction for contributions to qualified pension, profit-sharing, or other funded deferred compensation plans. Employers who maintain such a plan generally must file one of the forms listed below, even if the plan is not a qualified plan under the Internal Revenue Code. The filing

requirement applies even if the REIT does not claim a deduction for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f).

Form 5500 is filed for each plan with 100 or more participants.

Form 5500-C/R is filed for each plan with fewer than 100 participants.

Form 5500-EZ is filed for a one-participant plan. The term "one-participant plan" also means a plan that covers the owners and their spouses or a plan that covers partners in a business partnership (or the partners and their spouses).

Meals, entertainment, and travel.— Generally, a REIT can deduct only 50% of the amount otherwise allowable for meals and entertainment expenses. Also, meals must not be lavish or extravagant; a bona fide business discussion must occur during, immediately before, or immediately after the meal; and an employee of the REIT must be present at the meal. See section 274(k)(2) for exceptions. If a REIT claims a deduction for unallowable meal expenses, it may have to pay a penalty.

Additional limitations apply to deductions for gifts, skybox rentals, luxury water travel, convention expenses, and entertainment tickets. For details, see section 274 and Pub. 463.

No deduction is allowed for dues paid or incurred for membership in any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion. But it does not include civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards, unless a principal purpose of the organization is to entertain or provide entertainment facilities for members or their guests.

Also, no deduction is allowed for travel expenses paid or incurred for a spouse, dependent, or other individual accompanying an officer or employee of the REIT on business travel, unless that spouse, dependent, or other individual is an employee of the REIT and the travel is for a bona fide business purpose and would otherwise be deductible by that person.

Generally, a REIT can deduct all other ordinary and necessary travel expenses paid or incurred in its trade or business. However, it cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity that is usually considered entertainment, amusement, or recreation.

Note: The REIT may be able to deduct otherwise nondeductible meals, entertainment and travel expenses if the

amounts are treated as compensation and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

Deduction for clean-fuel vehicles and certain refueling property.— Section 179A allows a deduction for part of the cost of qualified clean-fuel vehicle property and qualified clean-fuel vehicle refueling property placed in service after June 30, 1993. For more information, see Pub. 535.

Lobbying expenses.— Generally, lobbying expenses are not deductible. These expenses include amounts paid or incurred in connection with influencing Federal or state legislation (but not local legislation), or amounts paid or incurred in connection with any communications with certain Federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of “influencing legislation.” If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible. Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. See section 162(e)(3). For information on contributions to charitable organizations that conduct lobbying activities, see **Charitable contributions** on page 7. For more information on lobbying expenses, see section 162(e).

Line 20—Taxable Income Before NOL Deduction, Total Deduction for Dividends Paid, and Section 857(b)(2)(E) Deduction

At-risk rules.— Generally, special at-risk rules under section 465 apply to closely held REITs engaged in any activity as a trade or business or for the production of income. These REITs may have to adjust the amount on line 20.

But the at-risk rules do not apply to the following:

- Holding real property placed in service by the taxpayer before 1987;
- Equipment leasing under sections 465(c)(4), (5), and (6); and
- Any qualifying business of a qualified corporation under section 465(c)(7).

However, the at-risk rules do apply to the holding of mineral property.

For more information, see section 465 and **Form 6198**, At-Risk Limitations.

Line 21a—Net Operating Loss Deduction

A REIT may use the net operating loss (NOL) incurred in 1 tax year to reduce its taxable income in another year. Generally, a REIT may carry an NOL over to each of the 15 years following the year of loss. REITs are **not** permitted to carry back an NOL to any year preceding the year of the loss. In addition, an NOL from a year that is not a REIT year may not be carried back to any year that is a REIT year. Enter on line 21a the total NOL carryovers from prior tax years, but do not enter more than the REIT's taxable

income. An NOL deduction cannot be taken in a year in which the REIT has negative taxable income. Attach a schedule showing the computation of the NOL deduction. Also complete question 12 on Schedule K.

For details on the NOL deduction, get **Pub. 536**, Net Operating Losses. Also see section 172(d)(6).

If capital gain dividends are paid during any tax year, the amount of the net capital gain for such tax year (to the extent of the capital gain dividends) is excluded in determining: **(1)** the NOL for the tax year, and **(2)** the amount of the NOL of any prior tax year that may be carried over to any succeeding tax year.

After the REIT applies the NOL to the first tax year to which it may be carried, the taxable income of that year is modified (as described in section 172(b)) to determine how much of the remaining loss may be carried to other years. See section 172(b) and the related regulations for details.

Special rules apply when an ownership change occurs (i.e., for any tax year ending after a post-1986 ownership change, the amount of the taxable income of a loss corporation that can be offset by pre-change NOL carryovers is limited). See section 382 and the related regulations. Also see Temporary Regulations section 1.382-2T(a)(2)(ii), which requires that a loss corporation file an information statement with its income tax return for each tax year that it is a loss corporation and certain shifts in ownership occurred. Also, see Regulations section 1.382-6(b) for details on how to make the closing-of-the-books election.

See section 384 for the limitation on the use of preacquisition losses of one corporation to offset recognized built-in gains of another corporation.

Note: See section 383 and the related regulations for limits that apply to net capital losses and credits when an ownership change occurs.

Tax and Payments

Line 24b—Estimated Tax Payments

Enter any estimated tax payments the REIT made for the tax year.

Line 24h

Add the amounts on lines 24d through 24g and enter the total on line 24h.

Backup withholding.— If the REIT had income tax withheld from any payments it received because, for example, it failed to give the payer its correct EIN, include the amount withheld in the total for line 24h. This type of withholding is called backup withholding. Show the amount withheld in the blank space in the right-hand column between lines 23 and 24h, and write “backup withholding.”

Line 25—Estimated Tax Penalty

A REIT that does not make estimated tax payments when due may be subject to an

underpayment penalty for the period of underpayment. Generally, a REIT is subject to the penalty if its tax liability is \$500 or more, and it did not timely pay the smaller of **(a)** 100% of its alternative minimum tax minus the credit for Federal tax paid on fuels for 1996 as shown on the return, or **(b)** 100% of its prior year's tax (computed in the same manner). See section 6655 for details and exceptions, including special rules for large corporations.

Form 2220, Underpayment of Estimated Tax by Corporations, is used to see if the REIT owes a penalty and to figure the amount of the penalty. Generally, the REIT does not have to file this form because the IRS can figure the amount of any penalty and bill the REIT for it. However, even if it does not owe the penalty, the REIT must complete and attach Form 2220 if either of the following applies:

- The annualized income or adjusted seasonal installment method is used.
- The REIT is a large corporation computing its first required installment based on the prior year's tax. (See the Form 2220 instructions for the definition of a large corporation.)

If Form 2220 is attached, check the box on line 25, page 1, Form 1120-REIT, and enter the amount of any penalty on this line.

Part II—Tax on Net Income From Foreclosure Property

Do not complete Part II unless the gross income, gains, losses, and deductions from foreclosure property (defined in section 856(e)) result in net income. If an overall net loss results, report the gross income, gains, losses, and deductions from foreclosure property on the appropriate lines of Part I.

Property may be treated as foreclosure property only if it meets the requirements of section 856(e) and the REIT elects to so treat the property in the year the property was acquired. This election must be made by the due date for filing Form 1120-REIT (including extensions) by attaching a statement indicating that the election under section 856(e) is being made and identifying the property to which the election applies. The statement must also include the name, address, and EIN of the REIT, the date the property was acquired, and a brief description of how the property was acquired (including the name of the person from whom the property was acquired and a description of the lease or debt with respect to which default occurred or was imminent). Once made, the election is irrevocable. See section 856(e) and Regulations section 1.856-6 for additional information.

Line 2—Gross Income From Foreclosure Property

Do not include income that qualifies under the REIT's 75% gross income test under sections 856(c)(3)(A), (B), (C), (D),

(E), or (G). These amounts must be reported in Part I.

Line 4—Deductions

Deduct only those expenses that have a proximate and primary relationship to earning the income shown on line 3. This includes depreciation on foreclosure property, interest paid or accrued on debt of the REIT that is attributable to the carrying of the property, real estate taxes, and fees charged by an independent contractor to manage such property. Do not deduct general overhead and administrative expenses in Part II.

Part III—Tax for Failure To Meet Certain Source-of-Income Requirements

All REITs must complete lines 1a through 8 of Part III. If line 8 is zero, the tax imposed under section 857(b)(5) does not apply and the rest of Part III should not be completed. If line 8 is greater than zero, complete the rest of Part III and enter the tax from line 16 on Schedule J, line 3c.

Caution: *If line 8 is greater than zero, the REIT MUST:*

- Attach a schedule listing the nature and amount of each item of its gross income described in sections 856(c)(2) and (3);
- Not have fraudulently included any incorrect information in the attached schedule; and
- Have reasonable cause for not meeting the requirements of sections 856(c)(2) and (3).

Failure to meet these three conditions will terminate the election to be treated as a REIT effective for this tax year and all succeeding tax years.

Part IV—Tax on Net Income From Prohibited Transactions

Section 857(b)(6) imposes a tax equal to 100% of the net income derived from prohibited transactions. The 100% tax is imposed to prevent a REIT from retaining any profit from ordinary retailing activities such as sales to customers of condominium units or subdivided lots in a development tract.

Line 1—Gain From Sale or Other Disposition of Property

Include only gain from the sale or other disposition of property described in

section 1221(1) that is not foreclosure property and that does not qualify as an exception under section 857(b)(6)(C).

Do not net losses from prohibited transactions against gains in determining the amount to enter on line 1. Enter losses from prohibited transactions on the appropriate line in Part I.

Line 2—Deductions

Deduct only those expenses that have a proximate and primary relationship to the earning of the income shown on line 1. Do not deduct general overhead and administrative expenses in Part IV.

Schedule A—Deduction for Dividends Paid

Lines 1 through 5.— Section 561 (taking into account sections 857(b)(8) and 858(a)) determines the deduction for dividends paid.

Line 3.— Dividends declared in October, November, or December and payable to shareholders of record in October, November, or December are treated by the REIT as paid on December 31 of that calendar year. The REIT is then eligible for the deduction for dividends paid for the year the dividends are declared even though they are not actually paid until January of the following calendar year.

If the REIT declared dividends in any of those months and actually paid them in January, as discussed above, enter on line 3 those dividends not already included on lines 1, 2, and 4 of Schedule A.

Line 6.— If, for any tax year the REIT has net income from foreclosure property (as defined in section 857(b)(4)(B)), the deduction for dividends paid to be entered on line 6 (and on line 21b, page 1) is determined by multiplying the amount on line 5 by the following fraction:

REIT taxable income (determined without regard to the deduction for dividends paid)

REIT taxable income (determined without regard to the deduction for dividends paid) +
(Net income from foreclosure property minus the tax on net income from foreclosure property)

Schedule J—Tax Computation

Note: *Members of a controlled group must attach a statement showing the computation of the tax entered on line 3.*

Lines 1 and 2

Members of a controlled group.— A member of a controlled group, as defined in section 1563, must check the box on line 1 and complete lines 2a and 2b of Schedule J.

Line 2a.— Members of a controlled group are entitled to one \$50,000, one \$25,000, and one \$9,925,000 taxable income bracket amount (in that order) on line 2a.

When a controlled group adopts or later amends an apportionment plan, each member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the amount in each taxable income bracket apportioned to that member. See Regulations section 1.1561-3(b) for other requirements and for the time and manner of making the consent.

Unequal apportionment plan.—

Members of a controlled group may elect an unequal apportionment plan and divide the taxable income brackets as they want. There is no need for consistency between taxable income brackets. Any member may be entitled to all, some, or none of the taxable income brackets. However, the total amount for all members cannot be more than the total amount in each taxable income bracket.

Equal apportionment plan.— If no apportionment plan is adopted, the members of the controlled group must divide the amount in each taxable income bracket equally among themselves. For example, Controlled Group AB consists of Corporation A and Corporation B. They do not elect an apportionment plan. Therefore, each corporation is entitled to:

- \$25,000 (one-half of \$50,000) on line 2a(1);
- \$12,500 (one-half of \$25,000) on line 2a(2); and
- \$4,962,500 (one-half of \$9,925,000) on line 2a(3).

Line 2b.— Members of a controlled group are treated as one corporation to figure the applicability of the additional 5% tax and the additional 3% tax. If an additional tax applies, each member will pay that tax based on the part of the amount used in each taxable income bracket to reduce that member's tax. See section 1561(a). If an additional tax applies, attach a schedule showing the taxable income of the entire group and how the corporation figured its share of the additional tax.

Line 2b(1).— Enter the corporation's share of the additional 5% tax on line 2b(1).

Line 2b(2).— Enter the corporation's share of the additional 3% tax on line 2b(2).

Tax Computation Worksheet for Members of a Controlled Group (keep for your records)

Note: Each member of a controlled group must compute the tax using this worksheet.

1. Enter REIT taxable income (line 22, page 1)
2. Enter line 1 or the REIT's share of the \$50,000 taxable income bracket, whichever is less
3. Subtract line 2 from line 1
4. Enter line 3 or the REIT's share of the \$25,000 taxable income bracket, whichever is less

7. Subtract line 6 from line 5
8. Multiply line 2 by 15%
9. Multiply line 4 by 25%
10. Multiply line 6 by 34%
11. Multiply line 7 by 35%
12. If the taxable income of the controlled group exceeds \$100,000, enter this member's share of the smaller of: 5% of the taxable income in excess of \$100,000, or \$11,750. (See the instructions for line 2b above.)
13. If the taxable income of the controlled group exceeds \$15 million, enter this member's share of the smaller of 3% of the taxable income in excess of \$15 million, or \$100,000. (See the instructions for line 2b above.)
14. Add lines 8 through 13. Enter here and on line 3a, Schedule J

Line 3a

Most REITs figure their tax by using the Tax Rate Schedule below. An exception applies to members of a controlled group (see worksheet above).

Tax Rate Schedule

If taxable income
(line 22, page 1) is:

Over—	But not over—	Tax is:	Of the amount over—
\$0	\$50,000	15%	\$0
50,000	75,000	\$ 7,500 + 25%	50,000
75,000	100,000	13,750 + 34%	75,000

On the dotted line to the left of line 3e, write "Section 1291" and the amount.

Do not include on line 3e any interest due under section 1291(c)(3). Instead, show the amount of interest owed in the bottom margin of page 1, Form

Line 6

A REIT is taxed as a personal holding company under section 542 if:

- At least 60% of its adjusted ordinary gross income for the tax year is personal holding company income, and
- At any time during the last half of the tax year more than 50% in value of its outstanding stock is owned, directly or indirectly, by five or fewer individuals.

See **Schedule PH (Form 1120)**, U.S. Personal Holding Company Tax for definitions and details on how to figure the tax.

Line 7

Recapture of low-income housing credit. If the REIT disposed of property (or there was a reduction in the qualified basis of the property) for which it took the low-income housing credit, it may owe a tax. See **Form 8611**, Recapture of Low-Income Housing Credit.

Recapture of qualified electric vehicle (QEV) credit. The REIT must recapture part of the QEV credit it claimed in a prior year, if, within 3 years of the date the vehicle was placed in service, it ceases to qualify for the credit. See Regulations section 1.30–1 for details on how to figure the recapture. Include the amount of the recapture in the total for line 7. On the dotted line next to the entry space, write “QEV recapture” and the amount.

Recapture of Indian employment credit. Generally, if an employer terminates a qualified employee less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior year by reason of wages paid or incurred to that employee must be recaptured. For details, see Form 8845 and section 45A. Include the amount of the recapture in the total for Schedule J, line 7. On the dotted line next to the entry space, write “45” and the amount.

Line 8

The REIT may owe the alternative minimum tax if it has any of the adjustments and tax preference items listed on **Form 4626**, Alternative Minimum Tax—Corporations. The REIT must file Form 4626 if its taxable income (loss) combined with these adjustments and tax preference items is more than the smaller of \$40,000, or the REIT's allowable exemption amount (from Form 4626).

For this purpose, taxable income does not include the NOL deduction. Get Form 4626 for details.

Reduce the alternative minimum tax by any amounts from Form 3800, Schedule A, line 36 and Form 8844, line 23. On the dotted line next to Schedule J, line 8, write “Section 38(c)(2)” (“EZE” if from Form 8844) and the amounts.

Line 9

Interest on tax attributable to payments received on installment sales of certain timeshares and residential lots.— If the REIT elected to pay interest on the amount of tax attributable to payments received on installment obligations arising from the disposition of certain timeshares and

See the instructions for Form 8621 to figure the amount of tax to include in, or subtract from, the total on line 9. The instructions for Form 8621 also explains how to report any interest due under section 1294 on the deferred tax.

Schedule K—Other Information

The following instructions apply to the questions on page 3, Form 1120-REIT. Be sure to answer all the questions that apply to the REIT.

Question 3

Check the “Yes” box if the REIT is a subsidiary in a parent-subsidiary controlled group, even if the REIT is a subsidiary member of one group and the parent corporation of another.

Note: *If the REIT is an “excluded member” of a controlled group (see section 1563(b)(2)), it is still considered a member of a controlled group for this purpose.*

Parent-subsidiary controlled group.— The term “parent-subsidiary controlled group” means one or more chains of corporations connected through stock ownership (section 1563(a)(1)). Both of the following requirements must be met:

1. 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of each corporation in the group (except the parent) must be owned by one or more of the other corporations in the group.

2. The common parent must own at least 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of at least one of the other corporations in the group.

Stock owned directly by other members of the group is not counted when computing the voting power or value.

See section 1563(d)(1) for the definition of “stock” for purposes of determining stock ownership above.

Question 5

Check the “Yes” box if one foreign person owned at least 25% of **(a)** the total voting power of all classes of stock of the corporation entitled to vote or **(b)** the total value of all classes of stock of the corporation.

The constructive ownership rules of section 318 apply in determining if a REIT is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 5a the percentage owned by the foreign person specified in question 5. On line 5b, write the name of the owner's country.

Note: *If there is more than one 25%-or-more foreign owner, complete lines 5a and 5b for the foreign person with the highest percentage of ownership.*

Foreign person.— The term “foreign person” means:

- A foreign citizen or nonresident alien.
- An individual who is a citizen of a U.S. possession (but who is not a U.S. citizen or resident).
- A foreign partnership.
- A foreign corporation.
- Any foreign estate or trust within the meaning of section 7701(a)(31).
- A foreign government (or one of its agencies or instrumentalities) if it is engaged in the conduct of a commercial activity as described in section 892.

Owner's country.— For individuals, the term “owner's country” means the country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Requirement to file Form 5472.— If the REIT checked “Yes” to question 5, it may have to file Form 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business. Generally, a 25% foreign-owned corporation that had a reportable transaction with a foreign or domestic related party during the tax year must file Form 5472.

See Form 5472 for filing instructions and penalties for failure to file.

Question 7

Foreign financial accounts.— Check the “Yes” box if either **1** or **2**, below, applies to the REIT. Otherwise, check the “No” box:

1. At any time during the 1996 calendar year the REIT had an interest in or signature or other authority over a bank, securities, or other financial account in a foreign country; and

- The combined value of the accounts was more than \$10,000 at any time during the year; and
- The account was NOT with a U.S. military banking facility operated by a U.S. financial institution.

2. The REIT owns more than 50% of the stock in any corporation that would answer "Yes" to item 1 above.

Get **Form TD F 90-22.1**, Report of Foreign Bank and Financial Accounts, to see if the REIT is considered to have an interest in or signature or other authority over a financial account in a foreign country.

If "Yes" is checked for this question, file Form TD F 90-22.1 by June 30, 1997, with the Department of the Treasury at the address shown on the form. Because Form TD F 90-22.1 is not a tax return, do not file it with Form 1120-REIT.

You can get Form TD F 90-22.1 from an IRS Distribution Center or by calling 1-800-TAX-FORM (1-800-829-3676).

Also, if "Yes" is checked for this question, write the name of the foreign country or countries. Attach a separate sheet if more space is needed.

Question 8

If the REIT received a distribution from a foreign trust after August 20, 1996, it must provide additional information. For this purpose, a loan of cash or marketable securities is considered to be a distribution. Get Pub. 553 for details.

If the REIT was the grantor of, or the transferor to, a foreign trust that existed during the tax year, it may have to file **Form 3520**, Creation of or Transfers to Certain Foreign Trusts, **Form 3520-A**, Annual Return of Foreign Trust With U.S. Beneficiaries, or **Form 926**, Return by a U.S. Transferor of Property to a Foreign Corporation, Foreign Estate or Trust, or Foreign Partnership.

Question 11

Tax-exempt interest.— Show any tax-exempt interest received or accrued. Include any exempt-interest dividends received as a shareholder in a mutual fund or other regulated investment company.

Question 12

Enter the amount of the net operating loss (NOL) carryover to the tax year from prior years, even if some of the loss is used to offset income on this return. The amount to enter is the total of all NOLs generated in prior years but not used to offset income in a tax year prior to 1996. Do not reduce the amount by any NOL deduction reported on line 21a, page 1, Form 1120-REIT.

Pub. 536 has a worksheet for figuring a corporation's NOL carryover.

Schedule L—Balance Sheets per Books

The balance sheet should agree with the REIT's books and records. Include certificates of deposits as cash on line 1.

Line 4. Tax-exempt securities.—

Include on this line:

1. State and local government obligations, the interest on which is excludable from gross income under section 103(a), and
2. Stock in a mutual fund or other regulated investment company that distributed exempt-interest dividends during the tax year of the REIT.

Schedule M-1 Reconciliation of Income (Loss) per Books With Income per Return

 - The part of business gifts over \$25.
 - Expenses of an individual over \$2,000, which are allocable to conventions on cruise ships.
 - Employee achievement awards over \$400.

 - The part of luxury water travel not allowed under section 274(m).
 - Expenses for travel as a form of education.

Line 7. Tax-exempt interest.— Include as interest on line 7 any exempt-interest dividends received by the REIT as a shareholder in a mutual fund or other regulated investment company.
