
Quiz: At the indicated point of the graph of $Q(t)$, what sort of transaction am I making?

Think about your answer and then look at the choices. *Can't get the figure to work inside the question environment. – HB*

Choices:

- a) deposits
- b) withdrawals

Pick what you think is the correct choice and then look at the answer.

Answer:

(a), deposits. When the slope is positive Q is increasing; i.e. I am making deposits.
