
Ritual 2

Those rune cards look interesting; better hold onto them for now. In order to acquire further information about how to appease the Great Ones, you will need to calibrate a Dho-Nha weave geometry parser. For this, you should gather three willing participants and an occult PDA.

In order to tune the PDA, you should be at the highest altitude available, which is the small enclosed enclosed area up the stairwell between buildings 34 and 24.

Ritual Instructions

1. Engrave the following symbol at the place where you will perform the ritual (create the symbol on a flat surface using green tape).

2. With the three members of the Enlightened Ones present, switch on and tune the occult PDA. This takes one minute.
3. If all members of the Enlightened Ones were present for the duration of the ritual, find and open the packet attached to the bottom of a nearby chair.
4. Let a GM know that this ritual was completed.
