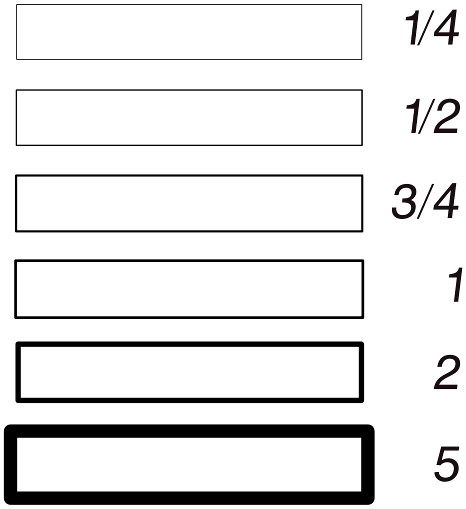
PostScript Output Test

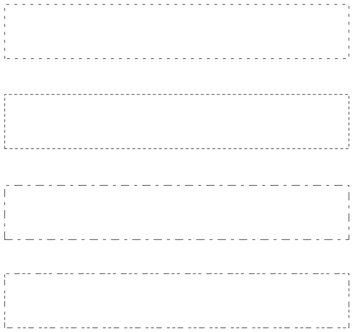
Print this page directly to a PostScript device and note the appearance of line sizes, line types, gray shades and colors, or export the whole page to PageMaker or Ventura Publisher using .EPS and then do your test print.

Line Sizes*



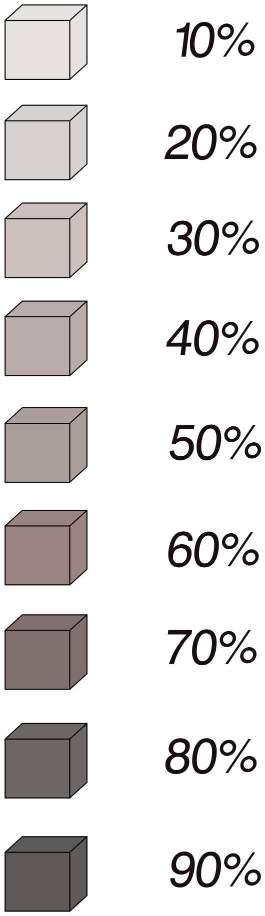
*All line sizes are measured in points.

Line Types*



*Non-solid line types available in hairline only.

Gray Shades*



*Percentage of black where white equals 100%.

Color to Halftone Mapping
