F entry realizes as well as anyone else that this entire situation has become a huge pain in the ass. As far as the assignment of freshmen into F entry who do not fit therein, there is no other action that can be taken besides the gradual replacement currently in (slow) motion. As far as F-entry becoming a charity case for other entries, this will not be the case. The integrity of the entry is our largest priority. As for the letter to the incoming freshmen, housecom has my approval as entry chair to send the current draft of the letter to the house; however, following the most important law in the F-entry contition "Aboslutly no bullshit will be permitted in F-entry by anyone" a constitution unamendable as written. We will disclose the raw truth, not candy-coated by obsurities to all residents both freshmen and upperclassmen currently in F-entry of what happened on the night of in house rush.
