

# HOWTO Use the Bathroom

Read me if you are a prefrosh or a parent! (*No, really — read me!*)

Bathrooms in Random Hall are single-occupancy (despite the presence of two toilets) and non-gendered (so anyone can use any bathroom).

To use:

1. Turn on the light. The light is **OUTSIDE** the bathroom, so you should do this **FIRST**.
2. Close and lock the door. A closed door means that the bathroom is occupied. If the door is closed, find another bathroom.\*
3. Since you got into MIT (or your kid did), you should know what to do **IN** the bathroom.
4. Leave the door open and the lights off when you are done.

*And remember: if you sprinkle when you tinkle, please be neat and clean the seat.*
