OUR ALUMNI REPORT THEIR NEWS FROM FAR AND NEAR

Greet JOHN E. PRESCHLACK '54 at 820 E. Westminster Rd., Lake Forest, IL 60045; jepcor@aol.com. He writes that his fourth grandchild, Stanley Polk Preschlack, was born on February 1, 2002. "I was elected mayor of Lake Forest, Illinois, and sworn into office on May 6, 2002."

Writes EMIL G. SIGNES '60, "I'm coaching the USA national women sevens rugby team. We participated in tournaments in New Zealand and then in Hong Kong, where we came in second. Recently, I visited my family in Cuba after more than 40 years' absence." Drop Emil a line at 705 Tioga Ave., Bethlehem, PA 10018; e-mail: emiliosignes@alum.mit.edu.

ROBERT L. MUHR '64 writes, "I always had a warm spot in my heart for my brothers. I transferred over from RPI (management engineering) to get a real engineering degree. It was quite a shock. Everybody always said MIT is overrated. Not so. Everybody is smart, competition is tough. I was down in my first term, but held onto my sanity for two reasons: I met a nice girl, and I hung out at Phi Kappa Theta. The brothers took me in. We played touch football, I went to parties—basically, it was a bastion of sanity." Send Bob best wishes
